Don't let City Council remove lanes on Main Street

**Sign the petition!**

*“We ask the city to ensure a robust public process when it comes to replacing car lanes for bikes. We can “share the road” with bikes but taking away lanes from drivers requires involvement from all of those who use Downtown, especially our neighborhoods and residents.”*

Comment: Bellevue's major north sound roads should be tolled so outsiders stops using our streets as a congested highway to google and microsoft. People living here can't get around anymore. And most people who live here can't physically get around here on a damn bike! Stop trying to be as ugly as Seattle.

---

Name: Tom A.

City: Bellevue

Comment: Traffic is bad enough there aren't enough bikers to offset car usage. No bike lanes!

---

Name: Pam A.

City: Bellevue

Comment: Car usage vs bike usage? Let's get real folks! Doesn't anyone have common sense anymore? NO to taking away more car lanes!

---

Name: Cindy A.

City: Bellevue

Comment: Again, this group is NOT telling you everything. The capacity will be moved to 2nd Street when freeway access is opened up on 2nd. Most of the board members from this organization don't even live in Bellevue.

Comment: I've been commuting into Seattle for six years and watched the craziness that bike lanes bring. Ugh!

---

Name: RICHARD A.

City: Bellevue

Comment: To improve Safety, REQUIRE bicyclists to walk their bikes through all intersections including 108th and Main. Also, it is unlikely there are many seniors and/or handicap individuals riding bikes, but are in cars!

---

Name: RICHARD A.

City: Bellevue

Comment: Before Main Street, or any other street become another phoney so-called bicycle demonstration street City Tpt. Department and City Council members need to walk the street during peak traffic hours. Main Street is already filled bumper-to-bumper both East and West for several blocks from 108th NE.xnd there is no left turn signals which is especially hurtful for Surrey Downs residents.

Comment: Please stop the bile lane insanity

---

Name: Jane A.

City: Bellevue

Comment: Main Street just got a little easier to get to with the 3-way stop at 101st, now to take more lanes for bikes will just make the congestion a lot worse, it's already bad.

Name: James B.

City: Beaux Arts

Comment: PLEASE! No more bike lanes. We can't afford to lose more streets. Please restore them to car lanes - especially on 108th and Main Street. Just see what happens when BHS lets out. It's madness!

---

Name: Karla B

City: Beaux Arts

Comment: The backup on 108th when the high school gets out every afternoon is ridiculous.

---

Name: Renay b.

Comment: Please save our lanes! We need these lanes for current and future vehicle traffic.

---

Name: Anthony B

City: Bellevue

Comment: Agree that we need to focus on reducing car congestion!

---

---

Name: Jonah B.

City: Bellevue

Comment: This is a terrible idea. Bike lanes will barely be used and worsen traffic which will only get worse with amazon coming.

---

Name: Beth B.

City: Bellevue

Comment: Traffic is at a stand still already. We can not remove out car lanes! No bike lanes on Main Street.

---

Name: David B.

City: Bellevue

Comment: I use this intersection every day and it has already become too crowded. I almost NEVER see bikers at the intersection. Lets start using our common sense, we need to move traffic not make special bike lanes that impede the flow. Stand on that intersection for a day and measure the bikes vs autos!!

---

Name: Paula B.

City: Kirkland

Comment: This is not Amsterdam where the roads are flat, and folks drive slowly. Very few use bikes for commuting to work, this is premature to say we have a problem, and need bike lanes to fix it.

---

Name: Vic B

City: Bellevue

Comment: Please start & finish a City of Bellevue Transportation Master Plan with broad public process before repurposing more traffic lanes into bike lanes in Bellevue. Traffic Congestion is identified as the No. 1 issue by Bellevue residents at 44% per city budget survey, with next highest issue being Affordable Housing at 14%. Bicycles represent less than 0.5% of person trips. Do not take away lanes.

---

Name: Debra B.

City: Bellevue

Comment: I do not want any more bike ones! There are not enough bike riders to justify taking away lanes for cars. Traffic is bad enough!

---

---

Name: Cindy B.

City: Bellevue

Comment: No more bike lanes. The majority of the bikers do not obey the laws, especially stop signs.

---

Name: Darren B.

City: Bellevue

Comment: traffic is bad enough.... don't make it worse!

---

Name: Jackie B.

City: Bellevue

Comment: Traffic is bad enough. We certainly don't need less car lanes.

---

Name: Jackie B.

City: Bellevue

Comment: How about improving streets for CARS!!

When bikes start being licensed and ticketed for riding in wrong areas then we'll talk about bike lanes.

---

Name: Catherine B.

City: Bellevue

Comment: Please find other streets in downtown Bellevue that are less congested for a bike lane. Main Street is a main thoroughfare for commuters and shoppers. Please don't take away a lane and cause unwarranted congestion.

---

Name: Matthew B.

City: Bellevue

Comment: Please do not put dedicated bicycle lanes on Main street. The city has already restricted flow off 108th and forces it onto Main Street (though this is often violated) and also restricted southbound 108th by time of day, forcing neighborhood dwellers to go north to Main Street.

---

Name: Stephenie B.

City: Medina

Comment: Save our lanes!! Bike lanes have made Old BVU a nightmare!! Cats backed up to Meyendbauer Bay and beyond!! Stop the madness!!

---

---

Name: Rena B.

Comment: Keep making it difficult to drive this and we will all leave Bellevue

---

Name: Rena B.

City: Bellevue

Comment: Please let me drive my car

Enough of these bike lanes

---

Name: Teresa B.

City: Bellevue

Comment: Do not remove car lanes to replace with bike lanes. The gridlock is bad enough and by doing this will make it worse.

---

Name: Brianna B.

City: Bellevue

Comment: Save our lanes!

---

Name: Douglas B.

City: Renton

Comment: Seattle made the mistake of becoming unfriendly to cars so now I and many others are driving elsewhere to shop and eat out . . . Bellevue should learn from this huge mistake.

---

Name: Mike B.

City: Bellevue

Comment: The poorly designed bike lanes on 108th Ave NE and Main Street, which disappear and reappear at different locations in the road, create more traffic problems and hazards than they solve. Bikes should have their own lanes off the road separate from the sidewalks, like they do in Europe.

---

Name: Colleen B.

City: Bellevue

Comment: There aren't enough bike users to justify these lanes, which substantially slow automobile traffic and create potential hazards for bike users.

---

---

Name: Megan B.

City: Mercer Island

Comment: This is a terrible idea. Growing up in Bellevue, I've watched traffic grow worse every year. many people don't want to come into Bellevue for lunch or dinner because of traffic. I wholly support safe bike lanes & green solutions, this plan just doesn't make sense. The benefit to the small number of bikers who will use this will not warrant the cost or concession. Why not a lane down 1st ave?

---

Name: Jessica B.

City: Seattle

Comment: We need more public input & discussion rather than unilateral steps that do harm to our neighborhoods and our economy. In Seattle we expected the 50th Street onramp to I-5 would have the 35 year old ineffective + dangerous OneCarPerGreen removed since it can back up traffic all the way from GreenLk. INSTEAD we see it proliferate & spread to the Eastside...both costly + horrifyingly misguided!

---

Name: Gerald B.

City: BELLEVUE

Comment: Thank you very much for initiating this effort. It would be insane to eliminate lanes from Main Street!

---

Name: Richard B.

City: Bellevue

Comment: Until bikes are licensed, and pay road tax, I don't think we should foot the bill for their lane.

---

Name: Laura B.

City: Bothell

Comment: I'm all for creating new bike lanes but please do not take away lanes that were intended for cars! It literally ruins quality of life when you are sitting in traffic and causes annoyance and congestion. I support safe bike lanes and ecologically smart solutions but this is a terrible idea. Back to the drawing board please!!

---

---

Name: Emily B.

City: bellevue

Comment: The percentage of people that would get out on our hills and ride a bike to work on any day, needless to say never on a normal occurring rainy day, is a sixteenth percent of all people. Loosing auto lanes to support the very, very, very, few is not logical thinking. Our Northwest area is not flat and autos are needed to keep moving people around up and down, not bikes.

---

Name: Edward B.

City: Believe

Comment: Absolutely no bike lanes. Don't follow the mistakes that Seattle is making. Bellevue is NOT Seattle!

---

Name: Morris B.

City: Renton

Comment: I don't understand why the city would cut out the artery of their city. Look at what that's done to downtown Seattle. People don't take their families downtown on bicycles. I'm not against bicycles either, drivers of cars would do well to give them their right of way on the road. We're all trying to make it to where we're going alive by the grace of God.

Name: Jill B.

City: Bellevue

Comment: keep the roads for cars

---

Name: Jay B.

City: Bellevue

Comment: Please do not add bike lanes on Main st.

---

Name: Madison B.

City: Yarrow Point

Comment: Save our lanes

---

Name: Lynne C.

City: Bellevue

Comment: Main St is all ready narrow for modern autos and parking is nearly impossible to find. Making a bike lane on Main is not fair to merchants or to those of us who drive it regularly.

---

---

Name: Andrew C.

City: Bellevue

Comment: Create new lanes, don't convert car lanes...

---

Name: William C.

City: Bellevue

Comment: Please no bike lane!!

---

Name: James C.

City: Bellevue

Comment: The bike lanes are ridiculous, very little use for a severe impact on traffic. I have seen statistics that showed 25 bike trips per day for the loss of lanes.

---

Name: Roger C.

City: Medina

Comment: I'd like to keep our car lanes and help educate drivers to be more respectful of cyclists on the roads. Those efforts would be more beneficial to rider safety in the long term.

---

Name: Jonathan C.

City: Bellevue

Comment: Taking away driving lanes for the benefit of .001% of a population is plain stupid and backwards.

---

Name: Ben C.

City: Bellevue

Comment: traffic is bad enough as is, let's not make it worse.

---

Name: Phoenix C.

City: Bellevue

Comment: Roads are for cars, if you want more bikes, create a truly safe bike highway system, like they use in Europe. Stop messing with our roadways - it's dangerous and also harms commerce as cars can't even shop easily.

---

---

Name: Ted C.

City: Bellevue

Comment: Hate to see all the bad Seattle ideas come to Bellevue. Traffic is horrible here please don't make it worse. Bellevue needs to stay functional. People need to get to work on time. We don't need car haters on the city council.

---

Name: Sharon C.

City: bellevue

Comment: It makes no sense to take away lanes for bikes when the traffic is so bad. This will not make more people turn to bikes, it will only snarl traffic

---

Name: Sharon C.

City: Bellevue

Comment: Traffic is too backed up in this area as it is. Please do not make it worse!

---

Name: Joanne C.

City: Bellevue

Comment: There is only one lane for moving traffic and a side Parking space on each side of the road for the most part of Downtown Bellevue - Main St. Squeezing a bike lane in between is dangerous for both bikers and drivers. Or, removing parking space for bikers is bad for businesses. Please DO NOT cause further congestion in Downtown Bellevue. Just share the lanes.

---

Name: Kelvin C.

City: Bellevue

Comment: Bike lanes are making traffic worse. Please remove them. Cancel the stop sign at Main and 101st Ave SE too. It makes traffic worse.

---

Name: Joanne C.

City: Bellevue

Comment: With more companies coming to Bellevue, we need ideas to improve the traffic around downtown Bellevue and not adding to the congestion. Bikers to downtown Bellevue is rare and few. Who initiated the idea and who stand to benefit from the implementation? Vote No.

---

---

Name: Ethan C.

City: Bellevue

Comment: As a biker myself, bikers need to realize that bike lanes are dangerous. On top of that you will create more traffic. You can go fuck yourself if you decide to create it.

---

Name: Lynn C.

City: Medina

Comment: The bike lanes that have been added has made traffic even worse!! Do not add any more!!!

---

Name: Richard C.

City: Bellevue

Comment: Increasing bicycle lanes is not going to relief any car traffic in the Bellevue's area. Totally disagree.

---

Name: Shannon C.

City: Bellevue

Comment: Please, NO! There is already so much traffic on Main and more to come. This is a really stupid idea - makes absolutely no sense. I hardly ever see anyone using the bike lanes on 108th- don't mess with our city!

---

Name: Paul C.

City: Bellevue

Comment: We have already seen on 108th that no one uses the bike lanes, and now it take 3 times as long for cars to get from NE 8th to Main Street.

---

Name: HY C.

City: Bellevue

Comment: That intersection is so busy already!! I can't imagine where u can add a biker lane. It will hurts the business there.

City: Bellevue

Comment: Please do not add any more bike lanes, and please remove the existing ones. It isn't working.

---

Name: Zhong C.

City: Medina

Comment: Traffic on main street is getting very bad already with the new stop sign. Someone needs to do some traffic study before making these changes.

---

Name: Lillian C.

City: Bellevue

Comment: it is too congested for bike lanes.

---

Name: Koeun C.

City: Bellevue

Comment: Don't let your liberal ideology hurt the ENTIRE body of citizens of Bellevue! Go to every liberal city that has taken away car lanes in favor of bike lanes like Portland, Seattle, and BC. For every 100s of cars that pass by, one bike may or may not pass. If bike lanes are so important to the bikers, then pay for it yourself with private \$!!!

---

Name: Stephen C.

City: Bellevue

Comment: Many Bikers always cut through traffic and do not obey traffic signs.

---

Name: Virginia C.

City: Bellevue

Comment: Don't let this happen. Main Street area residents depend on this automobile route to access our homes ( including hundreds of apartments and condos built with access from Main Street) and businesses to get off Bellevue Way as soon as possible coming from I-90. When light rail comes it will be worse from I 90.

---

Name: Scott C.

City: Bellevue

Comment: We don't want a bike only Bellevue! The biking traffic has always been welcome, but we don't need to go over the top.

---

---

Name: Anna C.

City: Bellevue

Comment: Bellevue! Let your tax paying residence get to their houses!

---

Name: Bodech C.

City: Bellevue

Comment: I live on 101st and as someone this would directly affect I am EXTREMELY anti taking away these driving lanes. Traffic has gotten bad enough with the new stop signs.

---

Name: Ronald C.

City: Bothell

Comment: Many more people need to drive than ride bikes. This is the PNW its rains alot! Nobody rides in the rain.

---

Name: Ronald C.

City: Bothell

Comment: Bike lanes are all fine an until you're older or disabled and can't ride. Add parking NOT bike lanes! Seattle has become a total hellhole. I never go to Seattle anymore because the city hates, cars or working class people.

---

Name: Michelle C.

City: Bellevue

Comment: Main Street is already congested enough. Bike lanes are a bad idea.

---

Name: LeeAnn C.

City: Bellevue

Comment: Don't add bike lanes to Main Street. Keep the cars moving and stop trying to force us all on to bikes. I have seen towns where there are bike lanes added to streets that don't have room. Looks ridiculous and a terrible mistake to make room for something there isn't room for.

---

Name: Mark C.

City: Mercer Island

Comment: I have been a bicycle commuter in Bellevue/Mercer Island for 3 years. No car necessary. We have ample public transportation. I am able to commute on a bicycle faster then in a car. I'm all in for fewer cars and more bikes/public transportation. Get out of your single person vehicles and stop being selfish. Get a bike.

Comment: Don't make the same mistakes as Seattle. Don't be another Seattle.

---

Name: Lisa C.

City: Bellevue

Comment: Don't turn Bellevue into Seattle!

---

Name: Jeremy C.

City: Bellevue

Comment: Please don't sacrifice a mode of transportation that most people use for one that very few use!

---

Name: Kelli C.

City: Bellevue

Comment: I work on Main St. and live nearby, please don't change anything. Parking is already a problem and I get constant complaints from customers about that. Please find a different bike route.

---

Name: Nancy C.

City: Bellevue

Comment: No bike lanes, please. Neither car drivers nor cyclists know how to use them properly and they reduce the number of lanes available for car traffic that slows everyone down. I fear a growing number of accidents. Same thing for bus lanes. Too confusing.

---

Name: Rebecca C.

City: Bellevue

Comment: Please stop bicycle lane takeover.

---

Name: Jeff C.

City: Bellevue

Comment: Recent bike studies show that bike usage in the Pacific Northwest are at an all time low, despite cities pumping tax payer money into bike Lanes.

---

Name: Joan C.

City: North Bend

Comment: I don't live in Bellevue but drive through Bellevue a couple of times a week. Traffic is already congested and this will make it worse. Please, No Bike Lanes.

---

Name: Michael C.

City: Issaquah

Comment: Most people that come into Bellevue drive. With all the expansion, bike lanes would worsen already what is grid lock. And why don't bikes have license plates? They should pay to use the streets like the rest of us.

---

Name: Shengliu D.

City: Bellevue

Comment: Bellevue Downtown traffic is already bad. Do not make it worse

---

Name: Randal D.

City: Bellevue

Comment: Main Street is in need of help with terrible congestion... I rarely see the bike lane used in that part of Old Bellevue.

---

Name: Rosalie D.

City: Bellevue

Comment: Ridiculous!!! It is becoming more and more difficult to get in and out of our neighborhood. This will only exacerbate the problem.

---

Name: Angela D.

City: Kirkland

Comment: Traffic sucks!!! The people who ride bikes daily are already doing so. You are not going to get more people out of their cars by making traffic worse! It will just cause more congestion and more headaches!

---

---

Name: Sarah D.

City: Bellevue

Comment: I rarely see bikers but I always see people driving.

---

Name: Lauren D.

City: Bellevue

Comment: Traffic in downtown Bellevue can already be so bad. Removing lanes would make it way worse. I understand and agree that bikes need a place to go too, but I don't think removing car lanes is the solution. Small bike lanes by widening roads or sharing the road would be better solutions

---

Name: Brent D.

City: Bellevue

Comment: No need to bike lanes, for half dozen that use them during the week

---

Name: Nancy D.

City: Bellevue

Comment: Bike lanes should not be added at the expense of existing travel lanes for cars.

---

Name: Debbie D.

City: Bellevue

Comment: Traffic is bad enough and I've NEVER seen anyone in the bike lanes. They are STUPID and citizens should have a say.

---

Name: Brent D.

City: Bellevue

---

Name: Don D.

City: BELLEVUE

Comment: Bicycles will not solve traffic problems !!!

---

---

Name: B. Davis

City: Bellevue

Comment: Trying to get into Surrey Downs from 112th northbound now involves three unprotected left hand turns. An added bike lane will make the left turn from Main onto 108th more complicated and dangerous. Save that space for a future ride sharing lane.

---

Name: Christine D.

City: BELLEVUE

Comment: No more bike lanes

---

Name: Kenzie D.

City: Bellevue

Comment: I understand wanting to push people to more ecologically friendly options, but making driving traffic worse is not going to help

---

Name: Vicki D.

City: Bellevue

Comment: I do not believe that people aren't biking because of a lack of lanes. With the rain, snow, and hills I think it is difficult for most everyone except hardcore bikers to use it as a main mode of transportation. This is NOT smart. It will NOT encourage more people to bike.

---

Name: John D.

City: Redmond

Comment: The removal of car lanes would create large amounts of traffic and backups. Including bike lanes would take people off the road, but not to the point where it would lessen the amount of traffic to lower than it was prior to the removal of the lanes.

---

---

Name: Steve D.

City: Bellevue

Comment: Don't become Seattle!!

---

Name: Brandon D.

City: Bellevue

Comment: Given the increased multi-family housing along Main Street, automobile traffic will get much worse. Removing car lanes will only exacerbate the situation. Let's preserve the lanes we have and not make the traffic problem worse!

---

Name: Sean D.

City: Bellevue

Comment: 2.8% of Seattle commuters use bicycles to get to work. . . Less, when it's raining. Spend our money on something else.

---

Name: John D.

City: Bellevue

Comment: I am just a suburban NIMBY. I want to be able to drive my oversized SUV with no interference from poor people on their bikes. We all know that these bike lanes and light rail will bring more of "those people" to our wonderful slice of suburban heaven.

---

Name: DeAnn D.

City: Bellevue

Comment: I live right off Main Street. It is the street I use to EVERYDAY!!!

---

Name: Dennis D.

City: Bellevue

Comment: Traffic is bad enough already...do not take more lanes away...its bad enough that these bikers do not obey the law and it's only a matter of time before a serious accident..cannot combine bikes and cars ..not a good mix

---

Name: Kristine D.

City: Bellevue

Comment: I do not support converting a lane on mainstreet to a bike lane. This is completely irrational. The traffic is really severe and will make it worse. Another route how about 2nd or 6th avenue

---

---

Name: Irate Driver

City: Bellevue

Comment: We should close the sidewalks on Main St and make it a seven lane road! People come to Bellevue because it's a great place to sit in your car! Bike lanes have already ruined this city. Look at all the traffic on I-405: it's because of the damn bike lanes. As a driver, I have a god-given privilege to public space. If people want to get somewhere in Bellevue they should get a car!

---

Name: Nathan D.

City: Mercer Island

Comment: I think bike lanes are great. Bellevue is a congested mess. At least someone will be able to get around. The Bellevue car centric culture isn't sustainable with all of the new buildings.

---

Name: Kenny D.

City: Bellevue

Comment: No

---

Name: Kristina D.

City: Bellevue

Comment: No bike lanes! Keep the charm of Main Street. Please listen to what the community wants. Don't turn Bellevue into Seattle.

Comment: Bike only Lanes are a bad idea. Let's not sacrifice the efficiency of the majority for the expediency of the minority.

---

Name: Mitchell E.

City: Seattle

Comment: I use the bike lane on 108th 6 times per week on average. Thanks for putting it in and the safety. It is great and I go out of my way to use 108th to stay out of traffic on other streets. It is like 2nd ave downtown, a street-friendly lane for bikes.

---

Name: Linda E.

City: Bellevue

Comment: Bellevue is already ridiculously backed up with traffic. People need to drive to work, to doctor appts, meetings, school drop off and pick ups, dentist appts, dinner, etc etc. Taking transit is not an option for everyone. More and more people are moving into Bellevue so stop trying to make traffic worse by doing stupid things to give bicycles more options than cars. There are not that many bicycle

---

Name: Carol E.

City: Bellevue

Comment: Taking away lanes on Main St would be a disaster for both bikers and drivers especially at the AM/PM rush hours. Safety for bikers, drivers and walkers would be compromised.

---

Name: Bianca E.

City: Bellevue

Comment: Removing car lanes will cause more traffic and an uncomfortable distance from bikers while driving on the roads. Please add an area where a bike lane can be used on the sidewalk.

---

---

Name: Eric E.

City: Bellevue

Comment: Bike lanes are a waste of space and every minute i miss at work cost \$3 because traffic is slowed up by someone rich enough to have fun pedalling around. Not cool

---

Name: Hailey E.

City: Bellevue

Comment: Traffic is bad as it is!

---

Name: Layne E.

City: Bellevue

Comment: Cars pay taxes and licensing fees to make roads and sustain transportation. Neither public transportation nor bicycles do that. Roads now cost over a million per mile and its unacceptable to close lanes just for buses or bicycles when our tax system is intended to create them for vehicles. Tax and license bicycles the same as cars of you want you build lanes

Look at the Seattle Times articles in the recent past that show use of Seattle's bike lanes is very low and actually lower year on year the last several years since all the expensive lanes and lights put in. Please let's learn from Seattle's mistakes. NO BIKE LANES!

---

Name: Ingrid F.

City: Bellevue

Comment: Stop pushing bikes. Hardly anyone uses the bike lanes we have. Seattle Times pointed out that with Seattle's big improvements to bike facilities they have less riders year over year. Comment: The unfinished bike lanes on Main St are dangerous for everyone. Why not make 2nd Ave the preferred bike route, it is less busy and not a main route to 405. The congestion on Main, due to other reroutes, had two lanes backed up from Bellevue Way past 106th on Tuesday because the left turn lane from Main to Bellevue Way could not handle the volume. This traffic is THE worst thing about Bellevue!

---

Name: Carla M.

Just because the City Manager is an avid bike rider doesn't mean we all have to be and with all the development, on every street corner, no one will be able to move as it is. Comment: I am a bus driver for Bellevue school district. My routes take me through main st and also the 108th ave corridor multiple times a day. The changes made by adding bike lanes make it more dangerous for our school children as bicyclists rarely stop for our stop paddle. And are very aggressive at intersections. Making sudden turns not yielding or stopping at stop signs/ lights and bypassing traffic.

Comment: Can't you see that this is making traffic even worse? Commuters in Bellevue barely use bikes. To use bikes for public transportation, like in Amsterdam, you would need to flatten all of the hills in Bellevue. Re-striping existing roads wouldn't help the bike commuters very much.

---

Comment: I'd like a fair balance it can be done without sacrificing car lanes for bicycles. When visiting Boston you see cars and bicyclers both sharing the roads. Cars have to pay attention to the bikers and bikers have to pay attention to cars; believe me a person can get used to it . Bellevue residents are grownups and capable of doing that. Lets not damage our small businesses along the way.

Comment: I live in Surrey downs and see 1st hand daily the lack of use of bike lanes. While I understand how bike lanes can reduce congestion, they only do if people use them. The bike lanes in downtown Bellevue did not improve congestion but rather made it worse. While it seemed like a good plan, it is time to cut bait, acknowledge that it does not work, and restore traffic lanes. Give our lanes back

Comment: Agree that vehicle lanes are important. Adding bike and pedestrian support is great for those few citizens physical capable (adults vs kids, for example) of long distance rides into the Coty, or the elite few who live in the downtown core. City: Bellevue

Comment: Traffic continues to get worse in Bellevue and we continue to put in more high-density buildings. Taking away lanes for bikes will only make traffic even worse. It will leave people in cars longer, contributing more carbon pollution to our air.

Accommodating a 'few' people on bikes, who pay absolutely nothing for this privilege, makes no sense and wastes our money.

---

Name: Judy W.

City: Bellevue

Comment: Please save the lanes for cars. I am a disabled person who can only drive and I frequent the downtown park via Main Street daily. Taking automobile lanes for bikes is taking away from the masses to provide for a fraction of the population.

---

Name: T.J. W.

City: Bellevue

Comment: No bike lanes on Main St. for all the reasons already stated. We need all the general purpose road capacity we can generate in our city and we will need it well into the future.

---

Name: Todd W.

City: Bellevue

Comment: Please keep Main Street 5 lanes from Bellevue Way to 116th Avenue. Congestion is already bad enough. Bike lanes will make it much worse over time. It's ridiculous to convert motorized vehicle lanes to bike lanes on Main Street. Besides, Bellevue already has an east/west bike route in Downtown in NE 12th Street. The City's goal has been met.

Comment: Look no further than Seattle to see the mess created by bike lanes. While they are well-intentioned the result has consequences that benefit neither bike-rider and certainly not the car operator. If nothing else it enflames one against the other. Give me an example of a good result elsewhere and I will reconsider.
