DID YOU KNOW?

COMMUNITY DEVELOPMENT

Our mission is to secure Bellevue's future as a livable, inspiring, vibrant and equitable community by working collaboratively to create excellent physical spaces, build a robust creative economy, and empower our vibrant, diverse neighborhoods.

- **Did You Know?** A portable sound system is used for the Bellevue tree tours so everyone can hear the presentation. This allows those with hearing loss the ability to participate without barriers.
- **Did You Know?** Community Development provides accommodations such as Communications Access Real-time Translation (CART) technology and large print documents for community meetings and Cultural Conversations. This ensures access for the Deaf and Hard of Hearing community as well as those with vision loss.
- **Did You Know?** Community Development provides demographic reports for all departments to help staff across the city plan for and tailor their programs and services to be more inclusive for people with disabilities.
