

MAJOR FIRE PROJECTS

The existing facility studies include site/floor plan diagrams. Based on this information, schedule considerations and assumptions of 50-year performance lifespan for new facilities, renovation and/or replacement alternatives were ranked or prioritized for each reviewed facility.

WAREHOUSE BUILDING

SITE/GROUND FLOOR PLAN

SECOND FLOOR PLAN

Facility/Location	Recommendation
STATION 10 - DOWNTOWN	Construct a new fire station due to growth in the downtown. Property acquisition is budgeted in the 2015-2021 CIP. Construction and operating costs have not been budgeted.
STATION 4 - FACTORIA/SOMERSET	Replace as a Major Support Station to allow for redeployment of existing resources. New location required due to existing lot limitations.
STATION 5 - NW BELLEVUE	Replace due to structural deficiencies. Full replacement budgeted in the 2015-2021 CIP.
STATION 6 - SPRING DISTRICT/ BRIDLE TRAILS	Remodel apparatus bay to allow for relocation of ladder company, seismic improvements and upgrade of facility infrastructure.
LOGISTICS CENTER WAREHOUSE	Construction for consolidation of reserve apparatus and specialized equipment repair.
