

Viewpoint Park Trails

.6 Mile

Not to be confused with Redmond's Viewpoint Park, adjacent to Tam O'Shanter Park, Bellevue's Viewpoint Park is a wooded site with several loop trails that wind through the park. The park provides a natural buffer between the neighborhoods and businesses in the area. A clearing in the woods with a bench provides an ideal rest stop with views toward the south. A trail along 134th Ave to the north connects to Bridle Trails State Park.
